

2023 WRAP UP

Congressman Donalds Remains Committed to Southwest Florida

A WORD FROM YOUR CONGRESSMAN:

This year, our community has continued to strengthen and rebound following the landfall of Hurricane Ian. As your Congressman and fellow Southwest Floridian, witnessing this resilience has been a privilege. Despite this progress, families continue to struggle due to poor policy decisions from the nation's capital. From rising gas and grocery prices, a porous border, fentanyl ravaging our communities, interest rates straggling economic opportunity, and uncertainty around the globe—Americans are hurting. I wanted to update you on my work to fight for our shared southwest Florida conservative values in Congress. I also want to seek your perspective on the job you think I'm doing.

It's an honor to serve you in Congress. Please contact my office for assistance or to share your thoughts.

- Congressman Byron Donalds

Legislative Highlights

Following Hurricane Ian, it's been my mission to pass much-needed disaster tax relief. Additionally, I've introduced legislation to bolster economic growth and cut the federal bureaucracy.

Congressman Donalds introduced H.R. 1494, the Hurricane Tax Relief Act, to provide this relief for Southwest Florida and other states and territories impacted by natural disasters.

Congressman Donalds introduced H.R. 3604, Expanding Access to Affordable Credit for Small Businesses Act, to modernize access to capital for small businesses and increase opportunities for southwest Florida entrepreneurs.

At a time when our border and sovereignty are vulnerable, and the world is increasingly on fire, I've introduced legislation to address these mounting crises.

Congressman Donalds introduced H.R. 6138, the Reform Immigration through Biometrics Act, to bring critical surveillance of our borders. The Congressman also introduced the Big Biden Blunder (BBB) to demand answers following the devastating withdrawal from Afghanistan.

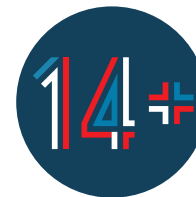

These are only a few of the many "wins" this past year that Congressman Donalds and his office delivered for Florida's 19th congressional district.

SPECIFIC
PROPOSALS**

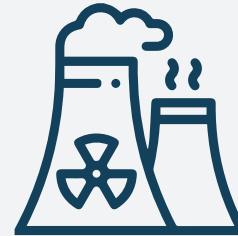

Looking at 2024 PRIORITIES

INCREASE PURCHASING POWER

Increase purchasing power, create good-paying jobs, and bring stability to the economy through pro-growth tax and deregulatory policies.

AMERICAN-MADE ENERGY

Maximize production of reliable, cleaner, American-made energy and cut the permitting process time in half to reduce reliance on foreign countries, prevent rolling blackouts, and lower the cost of gas and utilities.

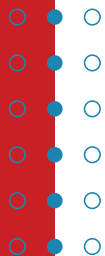

CURB WASTEFUL GOVERNMENT SPENDING

Curb wasteful government spending that is raising the price of groceries, gas, cars, and housing, and growing our national debt.

BORDER ENFORCEMENT

Fully fund effective border enforcement strategies, infrastructure, and advanced technology to prevent illegal crossings and trafficking by cartels.

WATER QUALITY

Southwest Florida's waterways serve as the lifblood of our community and our local economy. We must protect these precious waterways for generations to follow.

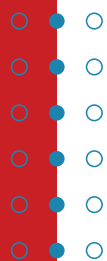

SUPPORTING SCHOOL CHOICE

Ensuring that each child in America has access to an educational environment that best suits their needs shouldn't be partisan. Supporting school choice initiatives empowers parents and allows every child to have access to a world-class education.

DEFEND THE 2ND AMENDMENT

The 2nd Amendment, your right as an American to bear arms, is equally as important as the entirety of the Bill of Rights. As your representative, you can rely on me to defend your Constitutional right to keep and bear arms.
