Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Goodwin Street Stormwater Drainage and Pedestrian Safety in fiscal year 2025. The entity to receive funding for this project is the City of Bonita Springs, located at 9101 Bonita Beach Rd SE, Bonita Springs, FL 34135. The funding would be used for stormwater infrastructure and pedestrian safety. Specifically, the Goodwin Street Corridor was devastated after Hurricane Ian which has caused a lot of trouble for the community. This project is an appropriate use of taxpayer funds because it is located in a low to moderate income area with a large population of people who do not have access to vehicles. Because this would provide people with a safe way to walk and bike it would allow people to get to work consistently, which is an economic booster and would help address labor shortages.

The project has a Federal nexus because the funding provided is for purposes authorized by 42 U.S.C.5305(a) (2).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Byron Donalds  
Member of Congress
