ICYMI: Donalds Joins Daybreak On 92.5 FM WFSX

WASHINGTON – Congressman Byron Donalds (R-FL) joined *Daybreak* on 92.5 FM WFSX Fox News Radio–Estero to discuss the decision by Democrats to shut down the Department of Homeland Security.

Watch the full interview [here](#) or below:

"Senate and House Democrats have been trying to send proposals back and forth, but the proposals are crazy":

"The Senate and House Democrats have been trying to send proposals back and forth, but the proposals are crazy. They're crazy, and it's not something that President Trump is going to agree to or should agree to because he was elected to deport criminal illegal aliens. It's one of the reasons he swept the battleground states in 2024. So, you have these Democrats who created the problem, and they want to create their chaos in order to get their own policy and political outcome. That's nuts. So, I don't know where this is going to end. And the other problem is, you know, they shut down the entire government for forty days for no reason. And then they reopened the government, and nothing really changed... So, the Democrats gotta figure out what they want to do. The truth is, they don't even know what they want to do."
