ICYMI: Donalds Joins Daybreak On 92.5 FM WFSX

WASHINGTON – Congressman Byron Donalds (R-FL) joined *Daybreak* on 92.5 FM WFSX Fox News Radio–Estero to discuss the Democrat led shutdown of the Department of Homeland Security.

Watch the full interview [here](#) or below:

"What they're [Democrats] doing now is shutting down vital parts of domestic security":

"We're going to fund it in the House, but this whole thing is really dumb. And once again, the Democrats, I think, they believe temper tantrums is how you actually do your work on behalf of the American people. The money that they're even talking about for ICE, we did that in One, Big, Beautiful Bill. ICE already has their money. So, what they're doing now is shutting down vital parts of domestic security because they want to, I don't know, stand up to Trump or whatever. It's so crazy up here right now. It doesn't really make any sense."
