ICYMI: Donalds Joins Finnerty

WASHINGTON – Congressman Byron Donalds (R-FL) joined *Finnerty* on Newsmax to discuss the House Oversight and Government Reform Committee's subpoenas of Bill and Hillary Clinton.

Watch the full interview [here](#) or below:

"They have a responsibility to come in and address the subpoena":

"This is not hard. They have a responsibility to come in and address the subpoena. They can do that. If you want to come in and answer questions, come in and answer questions. If you have nothing to hide, come in and answer questions. If that's not the case, then we have a responsibility to send that to the Justice Department. And then the Justice Department can take that action the same way they did against Peter Navarro, same way they did against Steve Bannon and others. And so I think what the American people want to see is that nobody's above the law. Remember, Democrats were saying this repeatedly when it came to Donald Trump. However, they don't want to live by the same standard. But why would we be surprised? Democrats have a history of saying one thing and doing something completely different."
