"Go back to the comments of Barack Obama around 2010/2012 around illegal immigration and deportations. He sounds like a mainstream Republican":

"I would tell people [to] go back to the comments of Barack Obama around 2010/2012 around illegal immigration and deportations. He sounds like a mainstream Republican. That's what he sounds like. That party has been taken over by the radical left. Bernie Sanders, AOC, [and] Tim Walz wing of the party. They are nuts! And so you have them fomenting these agitators who are on purpose getting in the face of ICE. Putting their cars in the way of ICE. Throwing water bottles in negative 10-degree weather. Shooting fireworks at them. Doing all this crazy stuff. The guys in Dallas, you had a shooter shooting at them in Dallas. I mean, these ICE agents have been antagonized by these highly organized protests from the left for months. Months. This didn't just happen last week. It's been going on for months. And so, is their compass broken? Man, that party has been gone. They lost the plot a long time ago in the United States. Go back to what Obama was saying in '08 and '10. Go back to what Hillary was saying in the debates back in 2007/2008. That party is gone."
