ICYMI: Donalds Joins Kudlow

WASHINGTON – Congressman Byron Donalds (R-FL) joined *Kudlow* on Fox Business Network to discuss the declining favorability of Congressional Democrats.

Watch the full interview [here](#) or below:

"They have no policy. They have no solutions":

"They've [Democrats] been trying to defund border security provisions, [and] defund the ability to actually deport criminal illegal aliens from the United States. They've been standing up organized protests to stop federal law enforcement. They have done that and the only thing they care about is impeachments, because they have no sensible policy to actually fix—to be blunt—the issues they created in the United States when they were in full control, when Chuck Schumer was the majority leader of the Senate, and Joe Biden was president of the United States. They have no policy. They have no solutions. But they just have so much Trump derangement syndrome [that] it takes them to doing crazy things like shutting down the Department of Homeland Security and having long-wait lines at airports all across America. That is being brought to us by the Democrat Party."
