ICYMI: Donalds Joins Mornings With Maria

WASHINGTON – Congressman Byron Donalds (R-FL) joined *Mornings with Maria* on Fox Business Network to discuss the passage of the SAVE America Act in the House and the looming Democrat-led partial government shutdown.

Watch the full interview [here](#) or below:

"It is common sense to make sure that you have to prove that you're an American citizen if you're going to be registered to vote":

"It is common sense to make sure that you have to prove that you're an American citizen if you're going to be registered to vote. It's common sense to have to show up with a voter ID to prove that you are who you say you are when you go to cast a ballot. These are common-sense measures, but the Democrats do not care about common sense... So, Leader Thune needs to move to the talking filibuster, not just the 60-vote threshold to get this through."

"We just went through this last fall when the Democrats pulled their last government shutdown stunt":

"We just went through this last fall when the Democrats pulled their last government shutdown stunt... So, the Democrats have decided that they would rather shut down vital aspects of the American government to secure this homeland over ICE. And the truth of the matter is, the reason why the ICE situation has become what it is is not because of Donald Trump. It's because of Tim Walz, it's because of Keith Ellison, it's because of Jacob Frey and the radical Democrats who want to return to the Biden years, where our borders were wide open, and ICE had no ability to do anything about it."
