## ICYMI: Donalds Joins Kudlow

WASHINGTON – Congressman Byron Donalds (R-FL) joined *Kudlow* on Fox Business Network to discuss a recent video posted by Democratic members of Congress openly calling for military defiance and insurrection.

Watch the full interview [here](#) or below:

**"The Democrats are now fomenting an insurrection of military personnel, of our intelligence apparatus, against the duly elected commander-in-chief of the United States of America, Donald Trump":**

"Larry, this is crazy. The Democrats are now fomenting an insurrection of military personnel, of our intelligence apparatus, against the duly elected commander-in-chief of the United States of America, Donald Trump. And why are they doing this? Because they have no answers on the core questions from your last panel on affordability, on energy, on how you are going to make the American people's lives better, more affordable, and allow the American dream to thrive and prosper. So, now they are looking to have military officials not follow orders. This is nuts. But what do we expect from a Democrat Party that has no ideas, does not have the pulse of what's going on in our country, and ways to fix it. They now want to create an insurrection against the commander-in-chief. Despicable, crazy, but at this point, the circus that Washington, D.C. is, why would we be surprised?"

**"No, they're getting a lot louder, I'm not sure about larger":**

"No, they're getting a lot louder, I'm not sure about larger. Because even Larry, I think you have Democrat registered voters in our country who love America, and they're looking at this on the radical side of their party and saying, 'This is crazy. I didn't sign up for this.' Number two, Mamdani, I think, came out the other day and said that New York City is going to follow international law. Who the hell is he?! He does not have the authority to do that. When he gets sworn in as the next mayor of New York, he's still in that oath going to pledge allegiance to the Constitution to protect the laws of the City of New York and of the United States. That's part of the oath. What is this guy doing? This is what happens when you elect a radical who's never had a job, who's never done anything constructive in his life except be in the New York Assembly and go on TikTok. Now you have a guy who is saying New York City won't follow the laws of the United States; it will follow international law. That is insanity. So, unfortunately, this is going to come to a conflict politically and legally, and Zohran Mamdani is going to lose."
