ICYMI: Donalds Joins The Ingraham Angle

WASHINGTON – Last night, Congressman Byron Donalds (R-FL) joined *The Ingraham Angle* on Fox News Channel to discuss the impeachment of DHS Secretary Alejandro Mayorkas and the impending debate over government funding.

Watch the full interview [here](#).

Alejandro Mayorkas has been impeached:

“To those mothers, to those families that have lost loved ones to this this crisis that has afflicted them, that's been brought to them by Joe Biden, we have answered that call. Alejandro Mayorkas has been impeached and now the Senate needs to go ahead and do their due-diligence on this because what has happened to our Southern border is a travesty. It is a man-made crisis. It is a political crisis brought to us by the Democrats and Joe Biden, and the American people deserve better. House Republicans stand with them to make sure that we're going to do everything we can to secure our nation.”

Secure the border, then we can talk about other things:

"The only things that are going to really help are putting the Trump policies back in place. I know its the presidential year, I know Joe Biden and the Democrats don't want to admit it, but Donald Trump was right. The border was secured. Everybody understood that and now the pain being born by our cities and our states because of this terrible policy cannot be ignored. So here's the deal, let me lay this out for Joe Biden and Alejandro Mayorkas: Secure the border. I know the Senate passed their bill over there. \$95 billion. I'm going to tell you right now, we're not listening to that in the House. Secure the border, then we can talk about other things. Until then, Washington does not deserve any more of the people's money because Joe Biden has failed the United States of America."
