### ICYMI: Donalds Joins The Ingraham Angle

WASHINGTON – Last night, Congressman Byron Donalds (R-FL) joined *The Ingraham Angle* on Fox News Channel to discuss breaking news within the Department of Justice and the House Oversight and Government Reform Committee's closed-door deposition of former First Lady Jill Biden's longtime Chief of Staff and "Work Husband" Anthony Bernal.

**"This is bigger than Watergate":**

"This is ridiculous. You have the righthand man for Jill Biden, who knows everything, he comes in and pleads the Fifth. The doctor [Kevin O'Connor] came in last week, he pleads the Fifth. All this tells me is that we do have a cover-up. This is the great political scandal in presidential history. This is bigger than Watergate, bigger than all that stuff because you had aides to the president or his family who were actually directing policy and signing off on items that were critical to the future of this country, and not the President of the United States."
