ICYMI: Donalds Joins WINK News Campaign Central

WASHINGTON – Yesterday, Congressman Byron Donalds (R-FL) joined *Campaign Central* on WINK News – CBS Fort Myers to discuss President Biden's disastrous mishandling of our nation's borders and abortion policy.

Watch the full interview [here](#).

It could be solved today:

"It could be solved today. Joe Biden could issue an Executive Order and reverse his policies. See, you got to understand he put in sixty-four new policies in the first month of his administration. All Executive Orders. None of it went through Congress. There was never a vote by members of Congress for what's occurring on the Southern border. So unfortunately, unless Joe Biden decides to reverse course on one of the first things he did in office, we're not going to see many changes, unless there is an impasse on government funding or you elect a new President of the United States."
