ICYMI: Donalds Joins The Record With Greta Van Susteren

WASHINGTON – Last night, Congressman Byron Donalds (R-FL) joined *The Record With Greta Van Susteren* on Newsmax to discuss the next steps in the investigation into Biden family corruption and claims that Hunter Biden has been secretly been filming a documentary about his life alongside a rich benefactor.

Watch the full interview [here](#).

The biggest scandal in the history of our country:

"Well, and that's where our investigation is going to lead us. We already have evidence of the President of the United States, taking money through his son and through his brother. That is bribery in and of itself. Now we're going to continue that. That's why we have to do that last couple depositions, we have about nine or ten depositions to go. That's why there's going to be another couple of hearings. Maybe one, two, maybe potentially three more hearings. But we're going to do our job. We're not going to speed it up because of politics. We're not going to slow it down because of politics. We're going to investigate, which, in my opinion, is the biggest scandal in the history of our country, because the person sitting in the Oval Office, knowingly allowed his son and his brother to operate as unregistered foreign agents."

He decided to do a stunt for his documentary:

"Well a couple things. First of all Greta, the Biden family has had an opportunity to comment at any step along the way. All they've done is lie to the American people led by Joe Biden and everybody else. Number two, we were prepared to actually depose Hunter Biden a couple of weeks ago. He decided to do a stunt for his documentary I guess, as opposed to honoring a Congressional subpoena. Something I would add: Every American citizen has a responsibility and an obligation to adhere to. You don't get special treatment because you are the president's son. Those are the facts. So we're going to do our job. We're not going to speed it up or slow it down. We're not Jack Smith over here. We're not playing politics. We are going through the process of investigating this family and we are going to continue to do that work."
