ICYMI: Donalds Joins Greg Kelly Tonight With Guest Host Michael Grimm

WASHINGTON – Last night, Congressman Byron Donalds (R-FL) joined *Greg Kelly Tonight With Guest Host Michael Grimm* on Newsmax to discuss the potential impeachment of DHS Secretary Alejandro Mayorkas and the Senate's failed amnesty deal.

Watch the full interview [here](#).

I believe we are going to bring that resolution back and it will pass:

“Look, at the end of the day, we had a couple members who just didn't feel that they should have voted to impeach Alejandro Mayorkas. I disagree. Alejandro Mayorkas has lied to congress, he has lied to the American people, and he is on purpose, not executing the laws of this land to secure the nation. And so, if somebody is not doing their job, and let me put it this way—if they're doing the exact opposite of what their job is supposed to be about, that person should be removed from that job. It doesn't matter if you're at the local corner store or the local bank. It doesn't matter if you're a school teacher and it definitely shouldn't matter if you're the Secretary of Homeland Security because the nation is not secure. That is his job, he has failed at it, and he willfully is not following the law. So, I believe he deserves to be impeached and I believe we are going to bring that resolution back and it will pass.”
