ICYMI: Donalds Joins Daybreak With Drew Steele

WASHINGTON – Congressman Byron Donalds (R-FL) joined *Daybreak With Drew Steele* on 92.5 Fox News Radio in Fort Myers, to discuss currents, the ongoing crisis at the Southern border, the Senate's amnesty deal, and National Florida Day.

H.R. 2 is still the best deal for the country:

“You are 100% right, Drew. All they want to do is use the money to process more people. That’s what they want it for. It’s not to erect barriers. It’s not to build facilities to hold people on the southern border, so they don’t get to the city of their desire. It is to process more people into the United States. That’s why this deal that they were trying to put together in the Senate was a bad deal once we started hearing about what the elements of it were. That is why H.R. 2 is still the best deal for the country. It may not be for politicians, but it is for the country. So, that is why you have to ignore the White House, and ignore John Kirby, and Karine Jean-Pierre, because they are flat out wrong on this issue. And to your point, that’s why immigration is the number one issue in the country, because everybody sees it now. Everybody sees how much of a disaster this is. And its only one man to blame, and that’s Joe Biden.”
