ICYMI: Donalds Joins America's Newsroom

WASHINGTON – This morning, Congressman Byron Donalds (R-FL) joined *America's Newsroom* on Fox News Channel to discuss the Obama administration's weaponization of the intelligence community against President Trump and Hunter Biden's recent interview with the Channel 5 Podcast.

Watch the full interview [here](#) or below:

"They just could not get over the fact that Donald Trump beat Hillary Clinton":

"The only reason why they did this [the Obama Administration] is because they just could not get over the fact that Donald Trump beat Hillary Clinton - stopping the radical left from continuing their policies from the Obama Administration into what they thought was going to be a Clinton Administration, so that's the bottom line here."

"Hunter Biden has no credibility":

"Look, at the end of the day, we know that Joe Biden wasn't mentally capable of discharging his duties. We know this with confidence because every official we have brought in from the Biden White House is pleading the Fifth... They don't even want to answer basic questions about Joe Biden's competency. So if Hunter Biden wants to talk on podcasts, maybe he should come into the Oversight Committee. We'd love to have him back... Hunter Biden has no credibility. If he wants to continue to talk on behalf of of his father, and on behalf of that administration, please be my guest. Because what it proves again and again is that they covered up the fact that his dad, the former president, did not have the capability to do his job and that family and White House covered it up to retain power. That is a complete disrespect to the American people..."
