ICYMI: Donalds Joins The Ingraham Angle

WASHINGTON – Congressman Byron Donalds (R-FL) joined *The Ingraham Angle* on Fox News Channel to discuss the ongoing culture war in America and recent cultural and demographic developments among younger Americans.

Watch the full interview [here](#) or below:

"You need to show an ID to get into their summit, but in California you don't need to show an ID to vote":

"Look, again, rules for thee, not for them. This is the craziest thing. If they actually believed in common sense, I'd truly believe they'd stand a chance for the future. But if they continue to go down this foolishness: You need to show an ID to get into their summit, but in California you don't need to show an ID to vote. It's this type of idiocy which is why the Democrats are losing Americans more and more. Just look at their approval ratings. The lowest they've ever been in the modern era and they'll continue to fall behind...Let them continue these summits...We will continue to work with President Trump to Make America not just Great Again but better than it's ever been before."

"That's the dumbest thing I've ever seen, but why should we be shocked":

"Look, if you want to know why the Democrats are losing young men, that's why. There ain't a young man in America today that wants to be throwing yarn in the back. I'm just sorry. That's the dumbest thing I've ever seen, but why should we be shocked. This is the same party that lied to us and said that Joe Biden was capable of doing his job, and we all know he was not."
