ICYMI: Donalds Joins America's Newsroom

WASHINGTON – Congressman Byron Donalds (R-FL) joined *America's Newsroom* on Fox News Channel to discuss updates in the investigation into Biden family corruption, the deposition of Hunter Biden, and the planned vote to formalize the impeachment inquiry into President Joe Biden.

Watch the full interview [here](#).

This family has led a public corruption scheme for years, using Joe Biden's office:

"Oh please. I mean look, Hunter Biden is a joke. He's gotta stop this mess. Ain't nobody trying to kill him. Hunter, you were running across the globe using your daddy's name, shaking-down foreign companies and foreign countries. That's what you were doing. You were laundering the money. You weren't paying taxes. You were not paying your 'fair share.' It's a joke. It's not to be taken seriously. This family has led a public corruption scheme for years, using Joe Biden's office to do so. That is a pay-for-play scheme. Congress has a responsibility to investigate that."

This is about giving the House full investigative powers to finish our business:

"I do. I've had some conversation with members who are concerned about this vote a couple of months ago. I think that the level of detail we've been able to bring through this investigation has allowed members to get comfortable with requesting or voting for an impeachment inquiry. And let me be clear, this is about giving the House full investigative powers to finish our business. We've already uncovered so much. I believe the votes are there today to make that inquiry happen, and then we're going to proceed from there...It's Capitol Hill man, we can only lose a couple at a time...Yeah, that's correct, and so, but I don't anticipate we're going to lose. Maybe one. That's how I anticipate this vote to go."
