ICYMI: Donalds Joins Kudlow

WASHINGTON – Yesterday, Congressman Byron Donalds (R-FL) joined *Kudlow* on Fox Business Network to discuss updates in the investigation into Biden family corruption, the deposition of Hunter Biden, the vote to formalize the impeachment inquiry into President Joe Biden, and the scourge of anti-Semitism on America's college campuses.

Watch the full interview [here](#).

We have the goods on Hunter Biden. He needs to come in and answer questions:

"At this point, the House's only position is to pass the impeachment inquiry, because you're dealing with a lawless administration that is accustomed to the obstruction of justice, by the Department of Justice, to protect the Biden family. His statement was a joke, and for him to show up on Capitol Hill, give a presser, not even a presser, he read a statement, took no questions from the press, got back in the car and left, demonstrates how arrogant he is about the seriousness of what's going on. And let me be very clear Larry, any American out there, who defies a Congressional subpoena, they would be held in contempt of Congress, and they would be prosecuted by the Department of Justice. Hunter Biden is not above the law. Last point I will say, Donald Trump Jr. was deposed by House Democrats five times, and there was no impeachment inquiry vote, and Donald Trump Jr. sat for those depositions, and what the House Democrats found out at the time is that all they were doing was just fishing, and there was nothing there. We have the goods on Hunter Biden. He needs to come in and answer questions."

There is no executive privilege that protects him from coming to Congress:

"And look, and I will say, with respect to Steve Bannon and Peter Navarro, they were White House officials, so there is a clear argument that they were protected by executive privilege under the Trump administration. Hunter Biden's not a part of any administration, there is no executive privilege that protects him from coming to Congress, and sitting for a deposition, because he's been subpoena'd to do so. But Larry, at the end of the day, the reason why Hunter is running, the reason why the White House is obfuscating, the reason why House Democrats are pounding the table because they don't have the facts, is because the Biden family has been complicit in a foreign corruption scheme. Joe Biden knew about it, Joe Biden took money from it, and I believe that Joe Biden is a conspirator in violations of the Foreign Agents Registration Act. An act by the way, that has thrown other officials in jail, Paul Manafort, the one that is most famous, that comes to mind, with less violations that what Hunter Biden is accused of."

What Claudine Gay...did in the Education Committee...was an absolute travesty:

"I do believe it's going to pass because, what Claudine Gay, what she did in the Education Committee, I mean that was an absolute travesty. You have to acknowledge anti-Semitism when you see it, and it should be held accountable on our college campuses, and let me answer the question for her: Her code of conduct at Harvard gives her all the room she needs to hold those students accountable. She doesn't want to do it because she wants to be radical, and Harvard has a responsibility to get rid of her, and if they won't do it, it will be to the detriment of Harvard."
