ICYMI: Donalds Joins The Benny Show

WASHINGTON – Yesterday, Congressman Byron Donalds (R-FL) joined *The Benny Show* to discuss updates in the investigation into Biden family corruption, the deposition of Hunter Biden, and the vote to formalize the impeachment inquiry into President Joe Biden.

Watch the full interview [here](#).

He used his office in a public corruption, pay-for-play scheme:

“Joe Biden used his son and his brother to make millions of dollars overseas. They laundered it through twenty LLCs. We have the bank records for that. The banks themselves were so concerned about what was happening, they filed 170 suspicious activity reports. They were concerned about money laundering and tax evasion. We have those reports as well. And all of this was to get money to ‘The Big Guy,’ AKA ‘Mr. Ten Percent,’ AKA ‘Robert L. Peters,’ AKA ‘Joe Biden, The President of the United States.’ He used his office in a public corruption, pay-for-play scheme. His son and his brother were operating as unregistered foreign agents which is a violation of federal law. Joe Biden knows this and he allowed it to occur anyway. That makes him a coconspirator who took bribes from countries and companies around the world so he could use his office to basically influence-peddle. That’s the case. Ian Sams says there’s no proof. We have oodles of documents, records, text messages, emails, and bank transactions to demonstrate otherwise.”

When you’re under oath, you either have to plead the fifth or you have to tell the truth:

“The reason he did it on the Senate-side is because if he was in the House Triangle, you might have had two or three members walk over there and join the impromptu press conference and he didn’t want to do that. So he wanted to go out there and make a statement, but listen, we have been very consistent in the House. This is not a House Republican thing. This is a House of Representatives thing. If you’re going to go sit in an open hearing as a witness, you get deposed before you sit as a witness. That’s what happens. That’s what the Democrats did. They did it with Don Jr. They did it with Ivanka. They’ve done it so many times. So all we’re saying is: Hunter Biden, why don’t you want to live by the same treatment? This is very, very, simple stuff. But the problem is, when you’re under oath, you either have to plead the fifth or you have to tell the truth. Hunter Biden doesn’t want to do that because if he told the truth, it would confirm what we already know. That his father knowingly let Hunter Biden go around the globe, picking up bags of cash so Joe Biden could get a piece of the action. He wanted a cut. He wanted to cash in on all the influence he’s built-up being in politics for fifty years.”

Is Joe Biden signing-off our energy future to China just because he cashed-in?

“Is the President compromised? We are now in two proxy fights around the globe. We know that. The President’s energy policy has been an abject disaster for us, but it is a boon to China. Because all these solar panels, and all these wind turbines, the critical minerals to make them come from China. So is Joe Biden signing-off our energy future to China just because he cashed-in and has to repay the favors that were given to him through his son and through his brother. These are serious questions that the American people need answers to. And finally, I’m going to restate, Joe Biden knew that his brother and his son were acting as foreign agents, foreign lobbyists, and they did not register. That is a violation of federal law. Paul Manafort was thrown in jail by the Department of Justice for this very thing, because they wanted Paul Manafort to flip on Trump, and that’s why they went after him and threw him in jail. It’s the same thing. So you have to understand that the sitting President knowing that his brother and his son are overseas doing this stuff, that makes you a coconspirator. And they were definitely taking bribe money. So I think the case is clear. We’re going to do our final work here, our final interviews to make that point.”
